

ABOUT AGSL

Atka Global Services Ltd (herein after referred to as AGSL) is a privately owned indigenous company with registration number **RC:1265758**, focused on providing diverse services to the oil and gas industry in Nigeria and West Africa region sustainably.

We adhere to the highest standards of professionalism and strive to exceed the expectations of our clients through integrity, imbibing very strict safety culture and quality service delivery. To us safety is not an act but part of our culture which ensures we deliver quality services safely. AGSL is incorporated under the laws of the Federal Republic of Nigeria as a wholly owned Nigerian company

We believe we offer a more personalized approach to contracting which in turn offers a rapid response, quality service to the customer, at a lower cost. The philosophy of the company is to provide quality services at a competitive price. AGSL is a multidisciplinary company with global standard in perspective and this forms our paradigm in service development. With our collaborating alliances with different companies that have made indelible impression in their areas of specialization, we guarantee best service delivery to our clients. Our services are carried out according to International Standards and Specifications.

Our Vision is to offer quality services safely, on budget and on time.

Our Mission is to nurture and sustain a highly technically oriented business, through accepting responsibilities that can lead to the contribution in knowledge, skills, accomplishments, satisfactions, and efforts to the society.

CORE VALUES

In today's working environment, we have core values which we imbibe as guiding principles that define our personnel culture and mode of behavior

SAFETY

Safety is engrained in our culture. It flows through our communication channels and is integral to every aspect of our business. We drive an incident-free workplace, engaging with our workforce to ensure they feel competent at identifying accident hazards, while also feeling empowered to speak up if they identify an unsafe act. While we protect our people, we are also acutely aware of our responsibility to protect our communities and the environment in which we work

QUALITY

The management and all who work for AGSL are committed to providing the highest possible level of service in satisfying the requirements of our client, customers, suppliers and sub-contractors alike. This level of service is achieved through quality management and the adoption of a system of procedures that reflect the competence of the company to all business relationships.

ETHICS AND VALUES

At AGSL we have built our reputation on trust, integrity and honesty. We drive a culture internally and externally that incorporates transparency, responsibility and the belief that we accept nothing but the highest of standards across all our business sectors.

Our business was built on the belief that our people are what make AGSL excellent. So, when we are thriving it's not just about investing in our infrastructure, service offerings and technology but by also investing in, and devoting time to, the people we are so proud to call our employees.

At AGSL we are committed to ensuring that people are treated equally at work, across all levels and locations. This includes making sure our employees have the same opportunities for recognition, reward and career development, irrespective of their gender.

LOCAL CONTENT

Local Content: The quantum of composite value added to or created in the Nigerian economy by a systematic development of capacity and capabilities through the deliberate utilization of Nigerian human and material resources in the Nigerian Petroleum Industry.

The above excerpt is a guiding principle to how AGSL works, and how our operations impact positively on the development of our host communities.

AGSL is committed to using and developing to the fullest possible capacity qualified Nigerians in all aspects of its operations. As a full Nigerian company AGSL is committed to the maximal use of qualified Nigerian content for all its services. We recognize the need to provide employment opportunities for the communities where we operate through direct employment and skills transfer that will outlast the completion of the project.
